Givenchy to Quant: Fashion Designers On Film

Whether looking for inspiration, for added realism, or for some cutting-edge styles, film directors have often reached out to fashion designers to clothe their characters – and flatter their actors. Some of the results of these meetings of minds have proved iconic in both worlds, and some have even trickled down into our own wardrobes. And in the heady days of the 1960's, some filmmakers took a sideways look at the very idea.

Suited and Booted: Lessons in Men's Style from the Movies

They say clothes make the man, and nowhere is that truer than on the silver screen. The humble suit might be easy to overlook in studies of cinematic costume design, but in the hands of skilled tailors and costumiers those simple bits of cloth have the power to evoke bygone eras, tell us hidden truths about characters, and create timeless iconic images.

CALL is a not-for-profit voluntary organisation which promotes lifelong learning in Cambridgeshire.
